Peyton Howell

Peyton Howell is President, Consulting Services and Health Policy for AmerisourceBergen Specialty Group, where she leads the Specialty Group's integrated services for its pharmaceutical manufacturer partners. These services include reimbursement services, patient advocacy programs, patient compliance solutions, health outcomes and pharmacoeconomic consulting, advisory boards and analytics in the United States and Canada.

Ms. Howell previously served as President of Lash Group, an AmerisourceBergen Specialty Group company. She remains a national authority on reimbursement and health policy issues. Under Ms. Howell's leadership, Lash Group grew from a boutique consulting firm to become the undisputed industry leader in reimbursement services and support programs. What was a 70-person organization in 1999 is now a company that boasts more than 1,000 associates nationwide and a client base that includes the country's most innovative and respected pharmaceutical companies. She received a master in health administration (MHA) from Ohio State University and a bachelor of arts (BA) from the University of Illinois.

AmerisourceBergen Specialty Group, a business unit of AmerisourceBergen Corp. (NYSE: ABC), is the leading provider of pharmaceutical services to the specialty market. The Specialty Group leads the market in oncology, plasma-derivative and biotech product distribution. Dozens of the most respected manufacturers in the industry rely on the Specialty Group for commercialization services like health outcomes consulting, outsourced logistics, reimbursement support programs and compliance management. The company provides the resources that improve physician practices and dispenses the medications that improve patient lives.
